## The Boeing Company - Capability Questionnaire

Return complete questionnaire form to: **GRP Boeing Assessment**  
**boeingassessment@exchange.boeing.com**

**Company Name:**  
 (Full legal name)

**Address:**

**City:**

**State:**

**Zip:**

**Country:**

**Website:**

**Corporate or Parent Company:**  
 (as applicable)

**Address:**

**City:**

**State:**

**Zip:**

**Country:**

### Primary Points of Contact

Name	Title	Email	Phone

### Organization / Facility / Site Information:

Response	Question	Provide Brief Details and/or Explanation
	Origination date of the company	
	Organization Size	
	Approximate Facility Size	
	Approximate Annual Revenue (USD \$)	

### Financial Performance:

Yes / No	Question
	Is profitability greater than 2% annual sales?
	Is company generating positive cash from operations that is sufficient to cover schedule debt repayment?
	Is internal funding or line of credit adequate to support operating needs and growth opportunities?

**Aerospace / Defense Contracting Experience:**

Yes / No	Question	Provide Brief Details and/or Examples
	Do you have aerospace experience?	
	Do you have current or have you had recent aerospace experience with US companies?	
	Do you have current or have you had recent aerospace experience with international companies (excluding Home and US companies)?	
	Do you have defense industry experience?	
	Do you have current or have you had recent defense industry experience with US companies?	
	Do you have current or have you had recent defense industry experience with international companies (excluding Home and US companies)?	
	Do you have current or have you had recent contracting experience with companies other than Boeing to produce Boeing products?	

**Approved Certifications:**

Yes / No / Pending	Description:	If pending, expected completion date	Related Information / Certification Details
	ISO9001 approved		
	AS9100 or equivalent approval (such as EN9100, JISQ9100, NBR15100)		
	AS9110 approved		
	AS9102 approved		
	ISO14001 approved		
	NADCAP Certified (Please specify)		
	Exostar Account		
	Federal Aviation Administration: FAA Certification (Provide Number)		
	European Aviation Safety Agency: EASA (Provide Number)		
	Civil Aviation Administration of China : CAAC (Provide Number)		
	General Civil Aviation Authority: GCAA (Provide Number)		

**Primary Business Industry**

Yes / No	Industry Engagement:	Additional Comments (as needed)
	Water or Sea Based Products (boats, submarines, etc.)	
	Stationary Land Based Products (buildings or stationary radar systems)	
	Moving Land Based Products (military or commercial vehicles)	
	Aircraft Based Products (airplanes, helicopters, etc.)	
	Spacecraft Based Products (satellites, space probes, etc.)	

**Primary Business**

Yes / No	Does your company provide:	Additional Comments (as needed)
	Spares Components/Assemblies	
	Low Volume Production Components/Assemblies (such as military items)	
	High Volume Production Components/Assemblies (items found in commercial aircraft or automotive)	
	Low Volume Product Support (such as MRO for military)	
	High Volume Product Support (such as MRO for commercial aircraft)	

**Organizational Classification**

Yes / No	Within your country, is your company classified as:	Additional Comments (as needed)
	Large Business	
	Small Business	
	Small Disadvantaged Business	
	Minority-Owned Small Business	
	Women-Owned Small Business	
	Historically Underutilized Business Zones	
	Veteran-Owned Small Business	
	Service Disabled Veteran-Owned Small Business	
	National Institute for the Blind	
	Alaska Native Corporations	
	Indian Tribes	

**Capabilities and Core Competencies: (Select only core competencies of the business which are provided to external customers)**

Response	Commodity / Capability	Commodity Description	Which Industry - Aerospace/Automotive/Other? For which Prime Contractor?
	Aerospace Training Systems	Simulation technologies and devices including hardware and software	
	Avionics	Design/Build to Specification: Systems, Hardware, Communication Systems, Displays & Instruments, Core Processing, Flight Control/Navigation/Guidance Systems, Radar Systems, Sensors & Antennas, Datalinks	
	Cables/Wire Bundles	Cabling, Harnesses, Shielding, Overbraid (Metallic and Nomex), Fiber Optics, Back shells	
	Castings and Forgings	Manufacture castings and forgings	
	Composites	Layups, bonded assemblies, resins molding and infusion, honeycomb core, laminates	
	Dynamic Components	Gearboxes, Transmissions, Rotor Hubs, Composite/Metallic Rotor Blades, Propeller Blades, etc.	
	Electra/Hydro/Mechanical	Actuators, Pumps, Gear Boxes, Hydraulics, and other related items	
	Electrical	Adapters, Capacitors, Circuit Breakers, Connectors, Contacts, Diodes, Integrated Circuits, Inductors, Lamps, Lights, Magnetics, Microcircuits, Relays, Resistors, Sensors, Sleeves, Switches,	
	Engineering	Design, analysis and develop aircraft system and structures using CAD systems	
	Interiors	Textile Products, Seating, Overheads Storage, Entertainment Systems, Flooring, etc.	
	Landing Gear Systems	Expertise in the <b>design</b> of complete landing gear for new and/or existing products, does not include component manufacturing	
	Machined Parts	NC Machining, Turning, Grinding	
	Major Assembly	Large Structural Assembly (Wing/Fuselage), Sub-System Installation	
	Mechanical	Latches, uplocks, actuation	
	Mechanical Fasteners	Manufacture of standards such as fasteners	
	Metallic ducts / tubes	Hydraulic Tubes, Tube Bending, Tube Processing, Flaring, Fitting Install	
	Minor Assembly	Small Sub-Assembly, Bushings/Bearings Installation	

**Capabilities and Core Competencies: (Select only core competencies of the business which are provided to external customers)**

Response	Commodity / Capability	Commodity Description	Which Industry - Aerospace/Automotive/Other? For which Prime Contractor?
	MRO	Maintenance, Repair, and Overhaul	
	Non Metallic	Hardwoods, Nylon, Seals, Grommets, Gaskets, Rubber Hoses, Thermoplastics, ThermoSet Plastics	
	Processing	Chemical Processing and Heat Treatment	
	Ramp and Final Assembly	Final assembly and checkout processes	
	Raw Material Provider	Provide raw materials; metals, composite sheets	
	Sheet Metal	Brake Form, Hydroform, Roll Form, Stretch Form, Hot Joggle	
	Support Equipment	Design and/or manufacturing of aircraft support equipment, such as items to support products after customer delivery	
	Sustainment	Spares, Logistics Services and other related product support	
	Tooling	Design and manufacturing of tooling for manufacturing of aircraft components and assemblies	
	Other (please specify)	Tires, brakes, anti-skid, windshields, and other capability not found in this assessment	

**Non-Production Equipment and Supplies: (Select only core competencies of the business which are provided to external customers)**

Response	Commodity / Capability	Commodity Description	Which Industry - Aerospace/Automotive/Other?
	Computing and Information Technologies	Provide office and production computing and/or software related technologies such as computers, routers, etc.	
	Employee Services	Provide Human Resources, employee training and other related services	
	Facility Construction	Provided construction of new office or production facilities	
	Facility Maintenance	Provide maintenance services for office or production facilities	
	Facility Supplies	Provide perishable tools for support of the office environment such as pens, pencils, notebooks, paper, and other related items.	
	Facility Tools	Provide perishable tools for support of production such as drill motors, hammers, grinders, air hoses, etc.	
	Financial Services	Provide financial services to companies	
	Language Translation Services	Provide services in translating languages	
	Logistic Support Services	Provide in country and global logistic support	
	Transportation Services	Provide transportation for people and/or products from one location to the next	
	Warehousing Services	Provide services in the storage and management of merchandise	

**Company History and other specifics (Include types of work desired)**
